

Commercial/Retail Property Fire & Smoke Restoration

This retail premises suffered a fire of unknown cause in April 2025.

MCL Adjusters appointed us to provide an immediate on-site presence and commence decontamination works, with the objective of enabling the store to resume trading as quickly as possible.

Over a three-week period, the building was thoroughly decontaminated. All hazardous contaminants and residual odours were successfully removed, allowing the property to be signed off for reinstatement works in budget and in line with the client's tight programme.

Case Study
